Pillaged Preserves: Livestock in National Parks and Wilderness Areas, <i>Andy Kerr and Mark Salvo</i>	47
Free Speech: The Cowboy and His Cow, <i>Edward Abbey</i>	57
<b>PART III - Looking Across the Arid West: What's Wrong with This Picture?</b>	<b>62</b>
Understanding Range Management, <i>George Wuerthner</i>	67
How to Look . . . and See	70
<b>PART IV - A Century of Trashing Public Lands Ecological Impacts of Livestock Production in Arid Western Landscapes</b>	<b>162</b>
The Science of Nature and the Nature of Science: Questions of Fact and Value, <i>Mollie Matteson</i>	167
Surveying the West: A Summary of Research on Livestock Impacts, <i>Allison Jones</i>	171
Lifeblood of the West: Riparian Zones, Biodiversity, and Degradation by Livestock, <i>J. Boone Kauffman, Ph.D.</i>	175
What the River Once Was: Livestock Destruction of Waters and Wetlands, <i>Joy Belsky, Ph.D., Andrea Matzke, and Shauna Uselman</i>	179
Cattle and Streams: Piecing Together a Story of Change, <i>Suzanne Fouty</i>	185
Stink Water: Declining Water Quality Due to Livestock Production, <i>John Carter, Ph.D.</i>	189
Guzzling the West's Water: Squandering a Public Resource at Public Expense, <i>George Wuerthner</i>	195
The Soil's Living Surface: Biological Crusts, <i>George Wuerthner</i>	199
Comrades in Harm: Livestock and Exotic Weeds in the Intermountain West, <i>Joy Belsky, Ph.D., and Jonathan L. Gelbard</i>	203
Silent Springs: Threats to Frog Habitat from Livestock Production, <i>Janice Engle</i>	207
Native Snails: Indicators of Ecosystem Health, <i>Terrence J. Frest, Ph.D.</i>	211
Birds and Bovines: Effects of Livestock Grazing on Birds in the West, <i>Carl E. Bock, Ph.D.</i>	217
Ranching in Bear Country: Conflict and Conservation, <i>Brian L. Horejsi, Ph.D.</i>	221
A West Without Wolves: The Livestock Industry Hamstrings Wolf Recovery, <i>Michael J. Robinson</i>	227
Prairie Dog Gone: Myth, Persecution, and Preservation of a Keystone Species, <i>Lauren McCain, Richard P. Reading, Ph.D., and Brian J. Miller, Ph.D.</i>	231
Sage Grouse: Imperiled Icon of the Sagebrush Sea, <i>Randy Webb, Ph.D., and Mark Salvo</i>	237
Where Bison Once Roamed: The Impacts of Cattle and Sheep on Native Herbivores, <i>Bill Willers</i>	241
A War Against Predators: The Killing of Wildlife Funded by Taxpayers, <i>Brooks Fahy and Cheri Briggs</i>	247
A Heavy Toll: Native Animals Harmed by Livestock Production	251

<b>PART V - Ranching Economics and Livestock Subsidies: The True Cost of a Hamburger</b>	<b>258</b>
Taking Stock of Public Lands Grazing: An Economic Analysis, <i>Thomas M. Power, Ph.D.</i>	263
Mortgaging Public Assets: How Ranchers Use Grazing Permits as Collateral, <i>Mark Salvo</i>	271
It's What's for Dinner: The Health Costs of Meat, <i>Virginia Kisch Messina</i>	279
Eating Is an Agricultural Act: Modern Livestock Agriculture from a Global Perspective, <i>Richard Schwartz, Ph.D., and Mollie Matteson</i>	283
<b>PART VI - False Hopes and Counterarguments: Ways to Stay Blind to the Critical Plight of Western Ecosystems</b>	<b>286</b>
The Donut Diet: The Too-Good-to-Be-True Claims of Holistic Management, <i>George Wuerthner</i>	291
Just a Domestic Bison? Cattle Are No Substitute for Buffalo, <i>George Wuerthner</i>	295
Cows or Condos: A False Choice Between Public Lands Ranching and Sprawl, <i>George Wuerthner</i>	299
Using a Hammer to Swat Mosquitoes: Livestock as Management "Tools," <i>George Wuerthner</i>	305
<b>PART VII - Looking for Solutions: Restoring the West and Wildlife</b>	<b>308</b>
The Last Roundup: Options for Ending Destructive Public Lands Ranching, <i>Bill Marlett</i>	313
Upholding the Law: Litigation and Public Lands Livestock, <i>Stephanie M. Parent</i>	317
